**You make childrens' eyes shining with joy –
Thank you for your generous support
of children with handicaps and serious diseases!**

Dear Mr. Schick,

**Christian, Kristijan, Patrick
Vladimir, Selina und Mariella
like to express their gratitude**

THANK YOU!

Thanks to your support the children with special needs attending a school in Vienna can benefit from an education based on therapy and animal assisted therapy. The six children have to cope with different kinds of disabilities. In this project the contact with and care for horses is of particular interest. Horses react unconditionally, immediately and without prejudices, and always appropriate to well-intended treatment. Working with disabled children these attributes are of great value, since the animals accept the children unconditionally just as they are. This has an impact on the character of the pupils as well, since they begin to gain a new kind of perception of themselves.

Dear Mr. Schick,
we wish you and your business partners a Merry Christmas
and a Happy New Year!
