## THANK-YOU!

Dear Mr. Schick,

thanks to your very effective donation Ivan's wish, private Feldenkrais movement lessons, can come true. A great relief for the 14-year-old boy from Vienna!

*Ivan responds well to these movement lessons, they constitute a great benefit for him. The Feldenkrais method is an educational, body oriented exercise therapy aiming at enhancing body awareness and performing movement sequences more consciously. This in turn leads to long term, sustainable improvement. The training promotes creativity in thinking and acting and it, last but not least, also helps Ivan to relax and simply feel more comfortable.*

**THANK YOU FOR DEDICATING YOUR DONATION TO CHILDREN WITH  
DISABILITIES OR SERIOUS DISEASES AND THUS GIVING  
THEIR FAMILIES JOY AND CONFIDENCE.**

We wish you and your business partners  
a wonderful Christmas as well as  
health, happiness and success in the new year!
