Vienna, November 2018

Together we can give hope to children and let dreams become reality

Dear Mr. Schick,

thanks to your donation Erda's wish, a special therapy-tricycle, can come true. With your support the 8-year-old girl from Vienna will be able to start the cycling season next spring.

Erda wishes for a therapy-tricycle suitable for her size, so that she can ride a bike again. This model is ideally suited for the needs of a child with a neuromuscular disease like her. It enables Erda to be autonomously mobile, supports balance training, trains the support and equilibrium reaction as well as the coordination of movement. This therapy-tricycle also can be individually customized with accessories such as a saddle post, a chest strap and foot shells.

**We would like to express our deepest gratitude
for your ongoing support and
your longstanding commitment.**

**We wish you and your business partners a
peaceful and happy Christmas as well as health,
happiness and success in the new year!**

**With kind regards
The Team of Stiftung Kindertraum**
